For example, pour through this book and you will learn how to identify a Mustang you see on the street by its tail-light design! Extremely detailed by photos and friendly text, from door handles to grills, from fins to fastbacks and more. Everything you've always wanted to know about Mustangs of the era. Great idea, also, to give as a gift to the Mustang aficionado on your gift list.0 of 0 people found the following review helpful. Great Guide for MustangsBy JFGood Book !0 of 0 people found the following review helpful. Great matching numbers bookBy ScottI had this book about 10 years ago and somehow it disappeared. I saw it available on and it was exactly what I used to have. Pages were great and covers had no marks or tears. Great Purchase.

A guide for recognizing different Ford Mustangs from 1964 1/2 thru 1973.
