From Krause Publications : 2016 U.S. Coin Digest: The Complete Guide to Current Market Values before purchasing it in order to gage whether or not it would be worth my time, and all praised 2016 U.S. Coin Digest: The Complete Guide to Current Market Values:

1 of 1 people found the following review helpful. The book gives a lot of good information as wellBy Heather L. ThorntonI got this for my father in-law who had a large coin collection he inherited from his mother. He had no idea how much the coins were worth before I got him this book. He has spent hours pouring over his book and the coins. The book gives a lot of good information as well. He did not know that you were not supposed to polish old coins before taking them to the dealer...now he knows. He loves the book and my mother in-law loves that he has had something to keep him busy through the winter.1 of 1 people found the following review helpful. I am using the

Kindle version and the short coming ...By Gilbert R MeseI am using the Kindle version and the short coming is that there is no detailed table on content. This means that to find specific coins is a hunt and peck process. The data are clear and well laid out with coin pictures for rapid identification of the the coin being priced. The prices are generally retail valuations.Of interest is the quantity and quality of the precious metal in the coin to assist in determining the melt value of each coin.3 of 3 people found the following review helpful. misleadingBy Oh YeahMisleading description of the book. It tells nothing about the value.

Trust the ExpertsAccurate values. Complete listings. Detailed photos.
