Collins UK : 2017 Collins France Road Map before purchasing it in order to gage whether or not it would be worth

my time, and all praised 2017 Collins France Road Map:

0 of 0 people found the following review helpful. Great planning tool. By SH We found this map very good as we planned our trip. It gave us a good overview of the entire region we were planning to visit. Gives route numbers and mileage between points, which gave perspective to travel distances. 0 of 0 people found the following review helpful. Terrific Map By TAJ Great map. I discovered an ancestor lived in Center, France in the Loire Valley. Now I know exactly where.

This annually revised, politically colored road map of France is at a scale of 18 miles to 1 inch (1:1,120,000). The map shows individual department by name, and cities, towns, roads, European route numbers, motorways and toll motorways are clearly shown, making it the ideal map for planning and route-finding. The map shows the road network in detail for easy route planning. It covers the whole of France from the Belgian and German borders in the north to the Spanish border in the south, and from the Brest Peninsula in the west to the Italian and Swiss borders in the east. Also includes the island of Corsica. It features a clear, detailed road network; through-route maps of Paris, Lyon, Marseille, Strasbourg, and Toulouse; a chart giving distances in kilometers between main towns; a key to department names and numbers, and list of regions; internet links to further information; a full Index to place names; and a map legend in English, French and German.

About the Author Collins UK is a leading information-led publisher of illustrated and narrative nonfiction.
