Excellent reference for the gun enthusiast By Rider Stan Great reference for anyone interested in descriptions of firearms and approximate values. That it has pictures of the guns is especially helpful. I buy a new one every couple of years to keep up with new models and changing values. 0 of 0 people found the following review helpful. NOT SO ACCURATE VALUES WISE SINCE PRESIDENT TRUMP HAS BEEN

ELECTED. By Harv This is a very well done book that is easy to use, but since I have been trying to sell several guns according to this book's price guidelines. I have come to the realization that most of the values stated in this book are too optimistic in today's depressed market.
