The illustrations are clear and varied, but the goldwork is very dull looking in these representations. (why I dropped it from 5 starts to 4) It would still be good for SCA artists.1 of 1 people found the following review helpful. Lovely Little GemBy FennelTook Ages to arrive but well worth the wait. Beautiful Presented Book of Age. An honor to add to my Medieval Book Collection.0 of 0 people found the following review helpful. Great little resourceBy Patricia CollissonA lovely little book with explanations about the paintings. Plates in lovely coulours and a goid cross section of styles. will get some more later.

From the PublisherThese exquisite little hardcover volumes of classic illuminated manuscripts--with gold-leaf detailing and sumptuous full-color illustrations--are elegant as well as inexpensive, making them the perfect gift or impulse buy for all who cherish the rich legacy of Christian art.
