In particular photographs of the rifles disassembled showing the markings on the parts.1 of 1 people found the following review helpful. A Collector's Guide for the M1 GarandBy William D. BlondI wanted detailed information about the Garand and its history and I felt that the Collector's Guide to the M1 Garand would be appropriate. After receiving the book I felt that I had made the right choice and have found it to contain everything I need to know about the weapon. This is not the first book I have purchased by Bruce Canfield and most certainly will not be the last.0 of 0 people found the following review helpful. Five StarsBy Joseph LongchampsJust what I needed

Illustrated. Numerous tables. Best-selling guide to the most important and ubiquitous American arms of WWII and Korea. Fifth printing. This book covers all markings, features, accessories and variations - making clear what is correct and what may be suspect or fake.
