The Only Shopping Book You NeedBy CustomerI read this book about 4 years ago; what a read! I remember that my grandfather used to tell me some of the things James mentions (bargining techniques, etc) and not fully 'buying into' what was being said. At the present time, I'm using James' tips on a continual basis in my daily shopping

expeditions. Additionally, being that I recently moved; the information within this book will help me get great deals on everything I will need to furnish my new living space. Mr. Paris presents an easy-to-read book that shows anyone how to make the most of their money. Keep in mind, this book was not created to 'be cheap for sport'; but to free-up money that can be used to glorify the Kingdom of God. James takes every major spending category and creates tips and techniques that will help you achieve your dreams on a limited budget. Purchase this book and save today. Highly recommended!! Marty A.
