Very ResourcefulBy Gabriel AbbamI recommend this book to students, graduates and everyone competing for a management position in this 21st century.Helpful Book0 of 0 people found the following review helpful. Good StartBy Newfy55Perhaps a little more dialogue about the process/strategy

for identifying the patterns and some more challenging examples. Overall though this was very helpful. 0 of 1 people found the following review helpful. Three Stars By Jaroslav Korkisch quite good!

Abstract Reasoning Tests by Richard McMunn. This type of Abstract Reasoning test is designed to assess your ability to identify patterns amongst abstract shapes where irrelevant and distracting material will often lead to incorrect assumptions and answers. The test therefore measures your ability to change track, critically evaluate and generate hypotheses and requires you to query judgements as you go along. This comprehensive testing manual provides you with sample test questions that are similar to the real test.
