International Travel maps : Accra City Ghana South Travel Reference Map 1:23,000 / 1:500,000 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Accra City Ghana South Travel Reference Map 1:23,000 / 1:500,000:

0 of 0 people found the following review helpful. Nice detailed map of AccraBy MaggotGood map of the capital city. Lots of detail! If it were laminated or waterproofed it would be outstanding.0 of 0 people found the following review helpful. Good as far as it goesBy Douglas L.It was fine as far as it went but not all streets on the map had names.1 of 1 people found the following review helpful. Accra City Ghana South Travel Reference MapBy Weather PersonThis is my fourth version of an Accra and Ghana South Map. Unfortunately, there are not many updates from the earlier editions. Many small villages and connecting roads are left off the map. I expect more when I purchase a supposedly updated map.

One side is Accra city and other side is Ghana South. Include inset of Cape Coast and Kumasi.

About the AuthorGhana was the first African colony to become an independent nation, in 1957. It may not be the largest, most populous, or richest country on the continent, but it is one of the best-managed and prosperous democracies. One seldom hears about Ghana on the news as a result, because there is seldom bad news to report! Accra is one of the oldest cities in sub-Saharan Africa, and the coast of Ghana is littered by historical remnants of trading forts built by the Portuguese, the Dutch, and the British during the age of expansion. Accra itself is an interesting city and our motivation in publishing a map of it is simply the reality that no map existed prior to this effort. The regional map shows Ghana's coastline to advantage and the interior of the country as far north as Kumasi.
