I bought the Ace Your Case guide and found it so helpful that I decided it worth my while to buy this Ace Your Case II guide. and it was. I'm a big believer in practicing til I get something down perfectly. and I think, after going through 30 cases now (with I and II), I'm really getting the hang of these things. Now I've noticed that WetFeet's come out with an Ace Your Case III guide. Bring it on, I say. I'll be getting that one too. why not? after all, I'm gunning for a spot at one of the top consulting firms in the country. anything to beat out the competition! 0 of 0 people found the following review helpful. Excellent practice material By A Customer This guide provided definitive questions to practice with, along with in-depth answers and explanations. I've been practicing these with my classmates and a lot of the questions have completely stumped them. I feel a lot more prepared than I did before. This was a great follow up to the first Ace Your Case guide.

In *Ace Your Case II*, you'll find all of the following: Specific tips for market-sizing, brain-teaser, business-operations, and strategy case questions 15 case questions (straight from WetFeet customers!) 15 good, detailed answers to the case questions What NOT to say to your interviewer! Tips from successful WetFeet customers about how to shine in your interviews Special notes about cases for undergrads, MBAs and advanced degree candidates More, more, MORE!
