Anthony D Fredericks : Ace Your Teacher Interview: 149 Fantastic Answers to Tough Interview Questions Revised Expanded 2nd Ed before purchasing it in order to gage whether or not it would be worth my time, and all praised Ace Your Teacher Interview: 149 Fantastic Answers to Tough Interview Questions Revised Expanded 2nd Ed:

advice in here. I read the whole thing...twice...and referenced the questions later on multiple times. There are a few typos and formatting errors (most likely due to the conversion to Kindle version, which is what I got) but the information is all there. I felt confident going in to interviews and I was told multiple times that I was very well-prepared. I did end up landing a job (after 8 interviews, but I'm in a tough market) and I've been told by everyone on my interview panel how great my answers were and how well prepared I was (don't forget to RESEARCH YOUR SCHOOL, that was a big seller that tipped the odds from one candidate to me). Buy this if you're nervous about interviewing or a looking for your first teaching job (like me!)2 of 2 people found the following review helpful. A lot of the information it gives is pretty common senseBy itsAndiePantsIt's a fairly quick read, and there were lots of valuable practice questions. It's definitely aimed at first year teachers (makes a lot of references to going into teaching straight out of college which I found odd), but I'm sure veteran teachers could take something away from this too. A lot of the information it gives is pretty common sense, but it's still useful to have it reiterated. I think the most valuable part of the book for me was all the practice questions inside, and the chapter about how principals are looking for someone to make their job easier. Again, common sense, but it changed the way I was thinking about interviews. I got offered a job at the first interview I went to after reading this.1 of 1 people found the following review helpful. Best Book for Teacher interviews!By LauraIf you are new or a veteran teacher this book has a lot of helpful information. I have been a teacher for 13 years. I wanted to change school districts, but had not had a formal interview for over 13 years. This book helped me get prepared I was hired into the school district I wanted. It's very hard school district to break into, with over 300 applicants per opening. Just being called for an interview is a huge deal. I was able to use the advise in the book and apply it to my experience . I would call the book, The Golden Ticket to Landing your Dream Teaching Job!
