Anthony D. Fredericks : Ace Your Teacher Interview: 149 Fantastic Answers to Tough Interview Questions before purchasing it in order to gage whether or not it would be worth my time, and all praised Ace Your Teacher Interview: 149 Fantastic Answers to Tough Interview Questions:

14 of 14 people found the following review helpful. best purchase I've madeBy KatieThis should be required reading for all Education Majors. I spent one year looking for a teaching job with no luck. I bought this book, and taught me

what I was doing wrong in interviews and on applications. I now have a full time teaching job that I love! This would make an excellent graduation gift. 4 of 4 people found the following review helpful. Author is sincere and helpful. By bhumane Besides the many questions in the book, there are other things in the book that were helpful, like what to do before the interview and how to dress, as well as what to do after the interview....like the thank you letter. The best thing about this book is that the author actually gave his email in case you had a personal question. I took him up on this and he replied back within hours and answered my questions. This is an incredible thing to do. How many people would want to charge you for that? The only one thing that did not help me were how some of the questions were answered, b/c it was from the perspective of a brand new teacher. However, after every answer, the author gave his opinion about each question. There are also many "principal comments" scattered throughout the book. Just a note: I wore slacks to two interviews and was offered both jobs. I think the author is telling you his opinion about wearing a skirt-which I'm sure I will do on my next interview. 5 of 5 people found the following review helpful. Written for First-Time Teachers. By J. McCray This book is extremely well-written for students who have just graduated from college and are interviewing for their very first teaching position. I am an experienced teacher who purchased the book because I have not interviewed in many, many years and I wanted to brush up on my interview skills. The suggested answers given in the book often relate to student teaching experience or non-teaching (but related) work experience. I would not suggest this book for teachers who already have teaching experience.

An all-in-one sourcebook of teacher interview questions in concert with the best responses to the questions most frequently asked of aspiring educators. *Ace Your Teacher Interview* offers specific questions and responses gathered from dozens of principals and administrators across the country, along with a creative range of inside information on what impresses interview committees.
