**Richard J Wallace : Adams Job Interview Almanac 2nd Ed** before purchasing it in order to gage whether or not it would be worth my time, and all praised Adams Job Interview Almanac 2nd Ed:

0 of 0 people found the following review helpful. Great for helping students in higher educationBy JoDeeAn old book... but still relevant.6 of 6 people found the following review helpful. Read this, and you will be preparedBy Stephanie ManleyThis is one of the better guides on interview questions that I have seen. The book is very large, and filled with a large variety of questions that an interviewer might ask. The book has general questions that would be

asked in any interview, and then it has sections for specific careers. Adams also spends a great deal of time talking about interview preparation, what to do if you're nervous in an interview, along with many other ideas for interviewing and its preparation. One selling point I feel this book has over other similar books, is that after the question, it explains the motivation for the question, and then gives suggestions for solid answers. Going through this book, should leave you well prepared and you should not be caught off guard with questions that can be asked. The book also covers illegal questions that employers may ask. While sometimes they ask out of ignorance of the law, Adams suggests very tactful ways to handle these answers. His book also gives you tips and guidelines on follow up letters, interview techniques, and much more. This book really delivers on making sure that you are prepared for a job interview. He gives so many sample questions that you will not be surprised when questions are asked. I feel this book is well worth the time spent reading.

Beat the competition with winning interview strategies! The Adams Job Interview Almanac, 2nd Edition is the most comprehensive guide to job interviewing available, featuring 1,800 job interview questions, with examples of terrific responses and expert advice to help you clinch the job you want. In addition to offering great answers to hundreds of job interview questions, the Adams Job Interview Almanac shows you how to develop overall interview themes to help you stand out from the crowd - even in the most competitive situations. You'll find career-specific advice for entry-level job seekers, career changers, experienced professionals, and people re-entering the workforce. Also included is valuable information on handling stress interviews, strategies for second and third interviews, and negotiating job offers to get what you want. 100 complete job interviews for all fields and industries, including: Accounting and Finance Administration Art and Design Communications Computers and Engineering Education Executive and Management Health and Medicine Legal and Protective Services Marketing and Sales Science Service Social and Human Services Technical
